

See Clearly and Look Sharp With Vision Benefits

Maintaining good vision and eye health is a priority, but it can get expensive. That's where benefits come in.

Using your vision benefits is easy

1. Find an EyeMed network provider
2. Schedule an appointment
3. Enjoy clear vision and healthy eyes

EyeMed network

EyeMed's network includes some of the most recognized names, including LensCrafters, Pearle Vision and Target Optical.

Browse and buy eyewear online, too. [Glasses.com](https://www.glasses.com) and [ContactsDirect.com](https://www.contactsdirect.com) are in-network, and your EyeMed benefits are applied to your order.

EyeMed providers offer:

- Discounts on lens options, and 20% off your remaining frame balance and non-prescription sunglasses. Plus save 40% off a second pair of prescriptions glasses. More savings offers are available within the EyeMed member portal.
- Nearly 100 frames priced \$130 or less at every location.
- Cutting-edge lens simulators, virtual frame side-by-side comparisons and some even have on-site labs for same-day glasses.
- 15% average off retail for LASIK or PRK laser vision correction, or 5% off a promotional price, at U.S. Laser Network locations.
- Extended hours and no claim forms. EyeMed providers are open an average of 10 evening hours and 12 weekend hours each week, and they submit your claim form for you.

Based on applicable laws, reduced costs may vary by doctor location.

FAQ

Q: Can I use my benefits if I visit a provider outside the network?

A: Yes. If you visit an out-of-network provider, you pay your provider the full balance and submit a claim with your itemized receipt for reimbursement based on your out-of-network benefits. Greater benefits are available with network providers, and they submit the claim for you.

Q: Can I use my benefits at Walmart and Sam's Club?

A: Yes. These locations are out-of-network for EyeMed plans, so your out-of-network benefits would apply. But these benefits still go a long way due to the lower overall price points of these retailers.

Q: Can I get glasses and contacts in the same year?

A: No. Your benefit can be applied to glasses OR contacts during the benefit year. In other words, you will not receive an allowance for contacts if you already chose to apply your vision benefits to a new pair of lenses and/or frames during the same benefit year.

Contact EyeMed for benefit, claims or network questions.
